

Crystal Rose Canines

Deposit / Reservation List Agreement

1. I understand by placing a deposit of \$300 (\$500 for breeding rights) I am guaranteed a puppy of choice and gender of choice, however. I the Breeder reserve the right to Breeder's (first) choice. To keep one of my puppies from any litter to continue or improve my genetics. (This is done early on before my families have made their selections) Never will I choose to keep a puppy who has already been selected by one of my families. Once you have placed a deposit your puppy price is locked in. Even if my prices increase while you are on my waiting list your price will not. Current pet prices are \$1,300 or pet with papers \$1,500 Merle's and Reds & Roan START at \$1,800. Breeding Rights start at (\$2,500 AKC) & (\$1,800 CKC non merle)

2. I understand the deposit is non-refundable for 1 year. If for some reason you are not able to take home your reserved puppy. Or you must move your deposit to a future litter that is fine. I ask that you let me know as soon as possible. If you have not found the perfect puppy by one year you have to option to request a refund. Once a deposit is refunded there will NOT be an option to place a deposit in the future. I the breeder reserve the right to cancel a sale and refund a deposit if at any time I feel a buyer is not a good fit. Examples include...lying about intentions for the puppies, rude or threatening behavior during communications. (yes, this has happened)

3. I understand that clients choose in the order of the reservation/deposit was received. I accept Zelle, Venmo, PayPal "friends & family" also personal checks. Clients can choose any of the puppies available to them at their selection time. Selections start as early as week one (If you are 1st pick) but more often selections are made at 4 weeks. This is when their little personalities start to show, and we also have a better idea of their expected size.

4. I understand once I place my reservation I'm officially on the waitlist for 1 puppy. If I want two puppies, I understand that two deposits are required. Once I select my puppy, I will be removed from the reservation list. I understand that I cannot use the second spot for a friend or family member.

5. I understand the average time frame from when I place a waiting list reservation to when I bring home a puppy is 3-5 months. Also, that the timing of litters is uncontrolled, as well as a successful pregnancy. We are not able to control the timing of heat cycles. We also have the right to cancel a reservation due to the best interest of the parents involved (the health of our parent dogs is paramount to having a litter). In the event a reservation list (breeding pair) is cancelled, I will be given other upcoming options. Heat cycles and timing are never guaranteed.

6. I understand puppies will be ready for their new homes around 8-9 weeks. I reserve the right to keep a puppy longer if I feel it is in the best interest of the puppy. For example, the puppy is a little smaller and needs some more growing time. Or the puppy had an adverse reaction to its 1st set of vaccinations and I would like to be the one to give the puppy its 2nd set of vaccinations. In

the event you need me to keep the puppy longer then the pick up date. For example to accommodate family events, vacations or plans that is never a problem. I do ask the full balance of the puppy is paid but the original pick up date of (8-9weeks old) and that the new owner covers the 2nd set of vaccinations if they are due during the puppies extended stay. Any extended stays longer then **(2 weeks)** will be subject to a boarding fee of \$10 a day. That is my rate for all of my pups who may come back for a short stay while their parents are on a trip/vacation. In the event you cancel within **(72hrs of pick up) you will lose your deposit DATE and start over on the waiting list.** If you cancel last minute more then 2 different times on 2 different reserved puppies you will **LOSE** your deposit & waiting list spot **PERMANENTLY.**

7. You can expect weekly or biweekly updates from me in the form of videos or pictures. There may be delays around the holidays, family plans, kids sporting events or unexpected life events. Please know that I will always schedule daily life by priority. Puppies get priority as far as love and care, but their adorable photo sessions may be delayed due to family priorities.

8. All my puppies come with Tails docked and dewclaws removed. All age-appropriate vaccinations, dewormed at age-appropriate intervals. Health evaluation and vaccinations from a licensed veterinarian. All vet records included in go home packet. 3-year genetic health guarantee. This document can be viewed on my website under the "go home know" Limited registration papers (if purchased). Microchipped with lifetime registration. Litter box trained and weather permitting working on outside potty training. ENS started at 1 week old & puppy culture raised. Positive grooming introduction starting at 3 weeks. Schnauzer puppy cut with a grooming report card. Well, socialized with kids, cats & gentle older dogs. Most of all lifetime breeder support.
